

APPLE PIE BITES

Ingredients

Your favorite pie crust recipe
(store-bought can work, too!)

1 jar of Ridgetop Apple Pie

Preserves

Whipped cream

Whole pecans or walnut halves
(optional)

Instructions

1. Roll out chilled dough and cut into apple pie shapes with a cookie cutter. Place on baking tray and bake according to blind bake crust instructions.
2. Top baked crust shapes with a spoonful of warmed preserves and a dollop of whipped cream.
3. Place nut (optional) on top and serve on a tray.

NOTE: Can omit whipped cream and put on a thin slice of cheese. Broil til cheese starts to melt. Top with a nut and serve.
